Product Notes

ANSI standards for cut resistance have 5 levels, the fifth being the highest rating. Items with a rating of 5 resist cuts exceeding a 3500 g force applied to the blade. Our gloves were rated by the National Institute of Justice 99-114 and conform to ASTM F-1790 standards. The NIJ also rates cut resistance with 5 levels. Our gloves withstood a maximum of 4000 g of force and are given a 5/5 rating by the NIJ.
