SIMPLE SOLUTIONS™ BUFFET SYSTEM

Put the focus back on the food in your buffet display and assemble your cold well unit with ease, using TableCraft's new Simple Solutions™ buffet system; featuring a full range of bowls and templates that fit any industry standard size cold well. No matter what NSF®7 unit you choose, our new Simple Solutions™ features all the pieces needed to ensure a foolproof fit!

Contemporary bowl design allows the vessel to sit perfectly side-by-side within the perforated templates, which are cut to fit each specific unit. This seamlessly tailored fit ensures that no food falls through gaps within your display and keeps the air at optimal cold-holding temperatures.

- Perforated aluminum templates are pre-measured to fit the following units: Alto-Shaam CW-Series, Atlas RM-Series, Atlas RM-HP-Series, Delfield N8100B-Series, Hatco CWB-Series, Hatco HCWBI-Series, Randell 9900SCA-Series, Vollrath 36400-Series, Vollrath FAC-Series, Wells RCP-Series, Wells RCP-ST-Series
- Custom sizes also available. Contact your dealer for custom display options or pick from one of our preset kits to drop-in and go! The options are endless!
- The template basket system creates a clean, continuous presentation that cradles the bowls, so they won't accidentally fall through or spill into the well during changeouts. No adapter bars needed!
- The perforated construction also allows for proper airflow within the cold well unit; surrounding the cold-holding vessels with direct air—maintaining proper cold-holding food temperatures.
- All items are available as individual pieces as well as complete kits; allowing for convenient ordering, customizing and arranging.
- Cast aluminum offers a virtually indestructible design, available in 23 colorful options.
- Our DuraCoat™ cast aluminum coating is NSF® Listed, dishwasher safe, and safe for cold food as low as temperatures of -20°F. Not intended for use in hot wells or steam tables.
